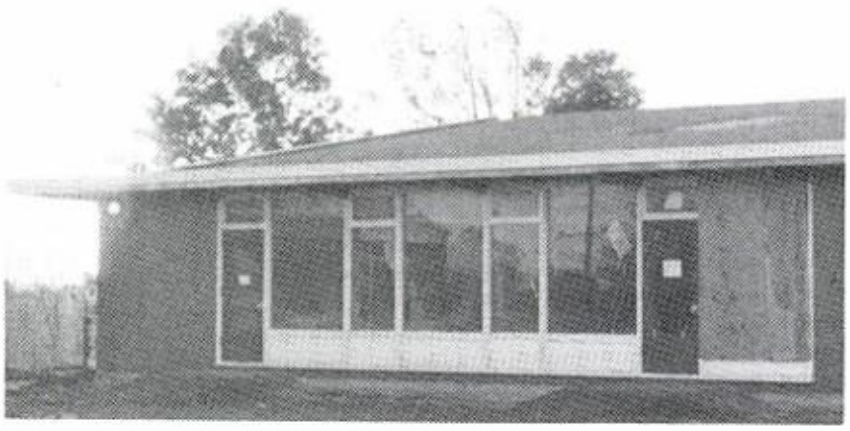
YEARBOOK
GW86



This year will definately be a memorable one for the students and faculty of E.O. Smith. With major renovations, we shared such inconveniences as the hammering, the unceasing odor of boiling tar, the re-scheduling of classes - and who could forget not being able to change for gym (or shower) first semester. We did learn to cope under these conditions, however, and made this year in more than one way, The Year of Growth and Change.

Vocational Opportunities is for people who learn by doing. Vo-Op students alternate three weeks of school with three weeks of full time employment. During their time at work, students are engaged in food service, clerical, health, maintenance, and various other occupations. The school and work components provide students with an opportunity to develop basic academic skills while gaining experience in the workplace. This program is directed by Mr. Root, ably assisted by members of the Smith faculty pictured on the right.

I, Peter Ralston, leave to any underclassmen who happen to be potheads: <u>DON'T</u> take Spanish — you'll never survive!

L, Gordon Snow, leave to Jennifer Madison my left shoulder to rest her weary head in times of great sorrow.

I, Sara Sonstroem, leave to the Swim Team a pool and decent practice hours; to Coach, a watch so he can make it on time (as if it would do any good); and to Melissa Wright, a bag of Fritos because hers are probably still on the floor of the van.

I, John Stake, leave my brother, Joe, all the luck in the world.

I, Theresa Wilson, leave to Chris B. Griffin and Karen lots of partying and 'bye forever.

I, Patty Wong, leave Rebecca Earley, 365 blond hair, blue-eyed, muscular built inflatable dolls to be her companions on lonely days at Cup O'Sun. There will be one companion each day for her senior year, so I hope your final year will be filled with ecstasy. Have fun and good luck.

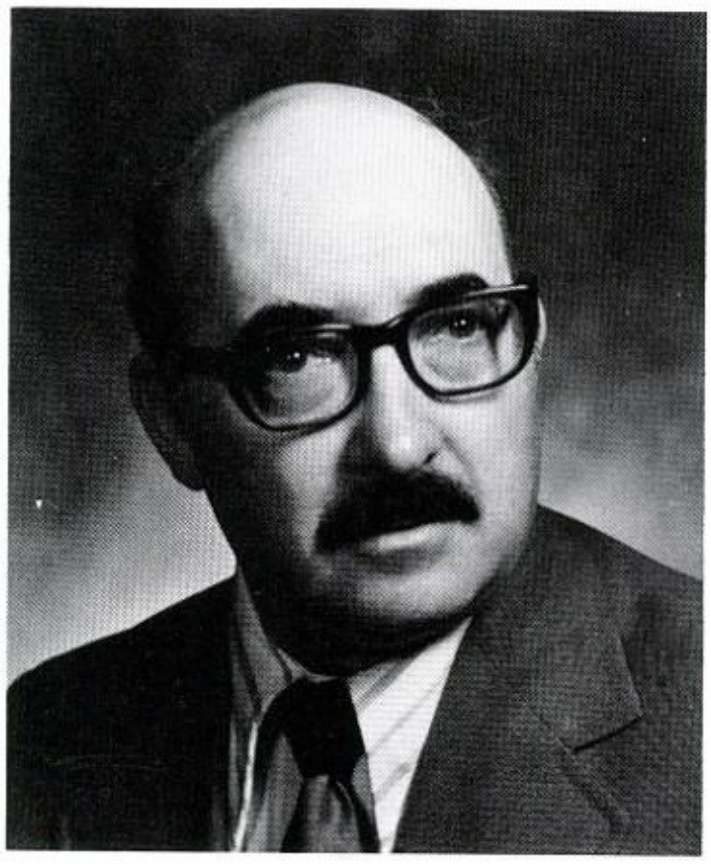
# IN MEMORIAM



Joseph R. Mercier (1920-1985)

Teacher, scholar, colleague, friend to E.O Smith staff and students for twenty-seven years . . . Dr. Mercier, Mr. Mercier, Joe, Coach, Dad . . . maker of scholars, athletes, friends and airplane drawings . . . reader of Shakespeare and *King Rat* . . . lover of language, classics, life and growing things . . . part of our past and our future . . .

To say what we cannot say eloquently enough, here are the words of one of Dr. Mercier's favorite Elizabethan writers, John Donne:

from Meditation 17

> No man is an island entire of itself; every man is a piece of the continent, a part of the main. If a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friend's or of thine own were. Any man's death diminishes me, because I am involved in mankind, and therefore never send to know for whom the bell tolls, it tolls for thee . . .

Dear Cathy,

It was fun having you in my computer class. We both share one thing in common and that is the fact that we get "pissed" when our stupid programs don't work and Ron comes running to our rescue. I hope you have an awesome summer and even if you aren't in any of my classes next year I'll probably see you delivering some perfume or make-up to my mother or sister.

See you later,
Chris "Ebic" Bevin.

Cathy-
It's really hard to believe that the year is over! I'm really glad we got to know each other this year in CC. You should have joined TRACK too- it's a lot of fun! I'll miss your beautiful smile next year! The best of luck to you next year + in the future - keep those legs in shape!!! I'll be back for the meets!
